

I support the positions of the ARRL and REACT International with respect to loosening regulation of BPL. I work in public service with REACT monitoring Channel 9 for emergency communication from the public and I am a amateur radio operator - KA4TXY as a member of A.R.E.S. and R.A.C.E.S. and check in the Florida A.R.E.S. net daily on the HF band of 80 meters (3.950 MHz). BPL will make the HF bands useless. I urge you to use alternatives to BPL and protect licensed users of amateur radio and public service uses of CB radio.

Stuart D Garrett Jr KA4TXY KAF6174 (GMRS)
